Appendix 1

EIF Transparency Policy

Within the framework of the EIF's Transparency Policy⁷ (the "EIF Transparency Policy"), EIF is committed to the guiding principle of promoting transparency with respect to its operational and institutional activities.

Pursuant to this guiding principle, and in accordance with the EIF Group approach and undertakings to promote transparency and good administrative practice, EIF has adopted the practice of publishing the minutes of the Board of Directors ("Board minutes") on its website, following their approval and signature.

The published Board minutes only indicate those operations presented for decision which have been approved and, as a general rule, contain a summary indicating the project name, the nature of the operation, the geographical focus and the relevant EIF-managed resources.

The EIF Transparency Policy also recognises the need for EIF to balance transparency with confidentiality undertakings and the protection of commercially sensitive or personal data, with a view to EIF satisfying its legal obligations to, and maintaining the confidence and trust of, its business partners, investors and third parties.

Consequently, should an application receive the relevant EIF internal authorisation for submission to EIF's Board of Directors and be approved by the Board thereafter, and should an Applicant deem that the publication of such a summary would expose sensitive or confidential information, for which there would be a compelling reason not to disclose, the Applicant shall make a declaration to that effect in the submission of the Expression of Interest resulting in the information in question being edited out of the published Board minutes and, subject to any applicable confidentiality undertakings, only being made public in connection with the signature of the operation in question.

If the EIF has not received such declaration confirming that an Applicant does not agree to the publication of the aforementioned operational overview, EIF will consider that publication is acceptable to the Applicant, if applicable, and will proceed with publication.
