Improving access to finance for micro-borrowers and micro and social enterprises during the COVID-19 crisis

EaSI GFI

*COVID-19
support measures**

We understand that it is a very difficult time for many European small businesses.

As part of the EIB Group, we are partnering with the EU to put in place relevant packages to help small businesses mitigate liquidity challenges as a result of COVID-19. In April, we announced improved risk sharing terms for InnovFin SMEG and COSME LGF.

We are now pleased to announce enhancements to the EaSI Guarantee Financial Instrument (EaSI GFI) dedicated to micro and social enterprises.
